

## Other Learning Experience (OLE)

### Aim of Curriculum

- To widen students' horizons and to develop their lifelong interests;
- To nurture positive values and attitudes; and
- To provide students with a broad and balanced curriculum with essential learning experiences alongside the core and elective components for nurturing balanced development in the five virtues - Ethics, Intellect, Physical Development, Social Skills and Aesthetics (德、智、體、群、美)

### Introduction to Curriculum

Under the NSS Curriculum, OLE is one of the three components that complement the core and elective subjects (including Applied Learning courses) for the whole person development of students. Building on the foundation of the five Essential Learning Experiences in the Basic Education (Primary 1- Secondary 3), schools will offer students a range of OLE opportunities encouraging them to participate in the five areas of OLE. To collaborate with OLE development, two Physical Education lessons, two Ethics lessons and one homeroom period will be allocated every cycle in F.4 – F.6 in the school timetable. Besides, two Civic education lessons are allocated every cycle in F.1 – F.3.
