

**Kwun Tong Maryknoll College**  
**Annual School Report**  
**2022/23**

## **Key Elements of the School Report**

- (1) Our School**
- (2) Achievements and Reflection on Major Concerns; Feedback and Follow-up**
- (3) Student Performance**
- (4) Financial Summary**
- (5) Other School Documents**

# (1) Our School

## A. School Mission

‘Reverence for God and Love for People’ and ‘All-round Excellence’ are our mission. We stress a well-rounded development in academic attainment, social service, civic education, information technology and physical health.

## B. School Information

<b>Supervisor</b>	Rev. Fung Che Ho
<b>Principal</b>	Ms. Sin Nga Lam, Caroline (B.A., P.C.Ed., M.A. (Applied Linguistics), M.A. (Sociology))
<b>School Type</b>	Aided boys’ school
<b>School Motto</b>	Kindness, Trust, Modesty, Courtesy, Loyalty, Endurance
<b>Sponsoring Body</b>	Hong Kong Catholic Diocese
<b>Religion</b>	Catholicism
<b>Year of commencement</b>	1971
<b>Area</b>	About 8500 sq. metre
<b>Related associations</b>	Parent-Teacher Association, School Alumni Association, Student Union
<b>Incorporated Management</b>	Established with 36% of managers fulfilling the training targets

## C. Teaching Staff Information (including School Head) in the 2023/2024 School Year

Number of teaching posts in the approved establishment	53	
Total number of teachers in the school	55	
<b>Qualifications and professional training (% of teaching staff)</b>		
Teacher’s certificate/ diploma in education	100%	
Bachelor degree	98%	
Master/Doctorate Degree or above	64%	
Special Education Training	20%	
<b>Years of experience (% of teaching staff)</b>		
0-4 years	5-9 years	> = 10 years
7%	11%	82%

## (2) Achievements and Reflection on Major Concerns; Feedback and Follow-up

- **Major Concern 1: To further develop the e-learning resources and strengthen the requirement for pre-lesson preparation and post-lesson consolidation so as to develop students into effective self-directed learners with good learning habits**

### Achievements

- ◆ E-learning resources widely used across all subject panels. According to the reports from 20 subjects, 17 panels (85%) have used e-learning resources in pre-lesson preparation or post-lesson consolidation.
- ◆ Based on the 54 lesson plans submitted by teachers for lesson observation, only 37% included pre-lesson tasks requiring students to complete before the lessons. 56% of these lessons included post-lesson consolidation. Our target of 90% of teachers achieving both was not met. It seems that teachers are more used to assigning homework for students for consolidation rather than doing that to prepare for lessons.
- ◆ Out of 741 students, 222 (35.7%) students have achieved their academic goal under the SMART Goal Scheme. Over 90% of all students were able to set realistic academic goals, which were approved by their homeroom teachers.
- ◆ A poster showing good learning habits was posted in each classroom. According to the survey on students' views of learning, the item 'I complete my assignments seriously' and 'I am always attentive in class' were among the top 3 items, scoring 1.85 and 1.89 respectively out of 3. However, the number of disciplinary offences that happened in the classroom increased slightly according to the Discipline Committee. The number of homework controls in F.1 and F.2 has doubled when compared to the figures in 2019-2020 school year.

### Reflection

- ◆ It is obvious that the pandemic has boosted the use of e-learning resources and Google Classroom has been widely used by teachers. They usually use them for post-lesson consolidation.
- ◆ Teachers in general do not have the practice of pre-lesson preparation, which can actually save time in teaching and allow more interactive activities in lessons.
- ◆ Less than half of our students were able to achieve academic goals under the SMART Goal Scheme. They are not yet effective self-directed learners in the sense that they were not self-motivated to achieve their goals.
- ◆ The poster serves as a reminder of good learning habits but they are not effective without corresponding actions by teachers although the students' self-perception of their own learning was quite good.

## Feedback and Follow-up

- ◆ The concept of pre-lesson preparation and post-lesson consolidation should be further developed among teachers. Teachers will be reminded of the importance in staff meetings and staff development days. Good ideas will be shared by L& T Development team, which studies the lesson plans for collegial sharing yearly and share good practices with all teachers.
- ◆ Academic Section will continue to look for new e-learning resources and will share with teachers when they deem appropriate.
- ◆ The SMART Goal Scheme will continue. Homeroom teachers will be reminded to help students set realistic goals, which most students are able to and then most importantly, guide them more frequently during homeroom periods throughout the year to help them achieve their goals. It is hoped that when the scheme has been implemented for several years, students will become more effective self-directed learners.
- ◆ The poster showing the criteria of good learning habits will continue to be posted in each classroom. Teachers will frequently remind students of the rules in homeroom periods and morning assemblies.

- **Major concern 2: To cultivate in our students the core values of Catholic education with emphasis on 'Love' and 'Family'**

## Achievements

- ◆ According to APASO, students' sense of belonging was 85.7, which was a very score out of 100. This can be attributed to 'My Class My Family' Scheme which was effective in cultivating a collaborative atmosphere at school.
- ◆ Students were more willing to take up responsibilities and obligations as they scored 85.7 in National Security (Responsibilities and Obligations) in the APASO survey. It shows students are willing to undertake responsibilities for family and society.
- ◆ All F.3 students joined the Social Awareness Program and survey shows that 100% of them understood the needs to serve others while 80% are more willing to show their love and care to those in need, which fulfilled our target of 80% students understanding the meaning of love.
- ◆ Students' willingness to serve others was also reflected by the number of Good Deeds they got. 25% of students got more than 10 Good Deeds and on average and each student attained 6.41 Good Deeds. 37 students got more than 30 Good Deeds. 81% achieved the Service Goal under the SMART Goal Scheme.
- ◆ Lessons on the Catholic Core values, love and family, were covered in Ethics lessons from F.1 to F.6. Civic Education Section also conducted a lesson on 'Care for others: Anti-bullying' during the homeroom period.
- ◆ KTMC birthday cards were designed and presented to each student through the Homeroom teachers, which boosted their sense of belonging to school and reminded them to show gratitude to their family.
- ◆ 42% of our students have joined community services outside school, as opposed to our target of 50% of students joining community services.

## **Reflection**

- ◆ With the implementation of 'My Class My Family Scheme' and the distribution of KTMC birthday cards, students have a stronger sense of belonging to the school. The regular competitions including Keep Classroom Clean Competitions, English Board Decoration Competitions, inter-class competitions in Sports Days and Swimming Gala, Knowledge quizzes organized by various departments, have instilled in students strong class spirits. Together with the teaching of the Catholic core values in Ethics lessons and related elements taught in each subject in line with the major concern, students have a fairly well-grounded concepts of 'love' and 'family'.
- ◆ The community services organized by the Civic Education Section and RME Section, aligned with the SMART Goal Scheme and Good Deed System, have provided students a rich-environment and incentives to serve others and to realize the Catholic core value, Love.
- ◆ Less than 50% of our students joined community services, of whom most came from F.3-5. Lower form students seldom joined community services outside school.

## **Feedback and Follow-up**

- ◆ 'My Class My Family Scheme', 'SMART Goal Scheme', 'Good Deeds System', Ethics lessons and related lessons in various subjects will continue to serve as effective channels to educate the Catholic core values. They prove to be excellent platforms for value education.
- ◆ Community services outside school will continue to be organized by Civic Education Section and RME Section so that students can learn to serve others in society as well as to broaden their horizons and have a better understanding of our society.
- ◆ Community services outside school can be organized for lower form students who can serve as helpers or observers. This suggestion will be put forward to the Civic Education Section and RME Section.

### (3) Student Performance

#### A. Students' Attitude and Behaviour

<b>Engagement</b>	Our students are active participants in lessons. They show curiosity and eagerness to learn by asking questions and engage themselves in classroom activities especially in those involving the interactive panel. They are highly motivated and willing to put in effort to achieve their academic goals at school.
<b>Respect</b>	Most of our students are respectful to teachers. They greet their teachers whenever they see them. They follow instructions and treat their peers with kindness and empathy. The teacher-student relationship is also strong.
<b>Responsibility</b>	Our students are responsible in whatever roles they take. They take up roles in class, in clubs and various school teams and are committed to their responsibilities. Many of them join community services, showing love and care to others. In class, they submit assignments on time and take ownership of their learning.
<b>Collaboration</b>	Students in our school mingle well with each other. They actively participate in group activities, discussions, teamwork and club events. They have strong brotherhood. Those who join school teams show extremely high attendance, nurturing strong team spirits.
<b>Self-discipline</b>	Our students are self-disciplined and can manage their time fairly well. Most of them are able to prioritize their academic responsibilities.
<b>Positive Attitude</b>	Our students are cheerful and optimistic. They are willing to embrace challenges and see them as opportunities for growth. All these help nurture a positive mindset.
<b>Attendance and Punctuality</b>	Our students are highly committed to their education, which is evident by the 99% punctuality in the previous school year. This demonstrates respect for the learning environment and maximizes opportunities for engagement and learning.

## B. Academic Performance

### i. Public Examination Results: HKDSE 2023

Percentage of students in the school who met the entrance requirements for local Bachelor degree programmes	80%
Percentage of students in the school who met the entrance requirements for local sub-degree programmes	98.3%

### ii. Academic Value-added Performance 2023 (For IMC reference only)

Core 4 subjects	4
Best 5 subjects	4
Chinese Language	4
English Language	3
Mathematics (Compulsory Part)	5
Liberal Studies	4

## C. Non-academic Performance
