Support for Student Development

To help students develop into an all-round person, different sections, including the Student Guidance Committee, the Discipline Committee, the Career Guidance Committee, the Religious and Moral Education Section, the Civic Education Section and the Activity Section, worked together to provide students with ample chances to understand themselves, learn self-discipline, train themselves to be leaders and extend their scope and potential. Gifted Education Committee nominates students to join various gifted programmes. There are a lot of activities to promote national education, civic values, community services, environmental protection and moral education as well.

Our school is committed to developing an inclusive culture through the Whole School Approach to support students with SEN. Different training, speech therapy, IEP and special arrangements for tests and examinations have been provided to help SEN students overcome their barriers to learning and have a better school life. We also joined the Student Mental Health Support Scheme for supporting students with mental health problems.
