- subsidise students and teachers to participate in Mainland interflow activities or study tours relating to the curriculum of CS;
- organise school-based learning activities for enhancing the learning and teaching effectiveness of CS; and
- organise or subsidise students to participate in joint-school / cross-curricular activities relating to the curriculum of CS conducted in Hong Kong or in the Mainland to promote interchange and dissemination of good practices.

Report on the use of the CS Grant 2022-2023:

	Item	Expected Outcome	Estimated Amount	Actual Expenditure	Remarks
1	Teaching materials for CS	Available materials for teaching CS will be purchased	\$70000	\$8643	Not many electronic teaching materials are available in 22-23
2	Local visit for students	A trip for all F.4 students would be arranged in post-exam period (Comply with relevant epidemic prevention regulations)	\$120000	\$45276	- As the epidemic situation has subsided, traffic needs, traffic cost and tickets cost were lower than expected. - Students participating in the trip felt that the experience

					was eye-opening. They could gain a taste of how the scientific development of China was like. Most students had very positive feedback and found the visit fruitful and relevant to their studies in CS.
